

2020 SOUTHERN TOUR

We would love for you to join us virtually!

Students throughout Georgia are choosing to call universities within the Southeast home. We understand that the choice to go to college can be a stressful one, but we want to provide you with a chance to have any and all of your questions answered! The schools below will be virtually participating in a panel-like discussion and then separating into breakout rooms for further discussions.

October 28th, 2020
