

PRINCE
AVENUE CHRISTIAN SCHOOL

**Middle School (Entering grades 6-8)
Summer Reading List**

Revised April 2024

Overview: Prince Avenue Middle School Summer Reading Program

Philosophy:

The PACS reading program is designed to promote the love of reading while maintaining or advancing the student's current reading level and cognitive skills. Assignments are meant to be academic in nature, developmentally appropriate, student-manageable and "stress free."

Book lists:

Book lists are provided as a compilation of engaging and well-written stories that represent a variety of genres. Many of the selections complement the PACS history curriculum. While we endeavor to choose books that are representative of appropriate content, age level, and maturity, teachers recommend each family research the suggested selections. You may find sites such as www.squeakycleanreviews.com, www.commonssensemedia.org, or www.thrivingfamily.com helpful as you discern the best publication for your student.

Assignments:

Assignments are based on the revised version of Bloom's taxonomy called *A Taxonomy for Learning, Teaching, and Assessing*, a classification system used to define and distinguish different levels of human cognition; this revised version classifies cognitive skills as *Remembering, Understanding, Applying, Analyzing, Evaluating, and Creating*, in that order. One way PACS addresses the development of increased cognitive skills is through written expression. Beginning in third grade, students are assigned a writing component through which they demonstrate understanding and analysis of the text.

Grade- specific objectives:

Grades 1 & 2 (remembering and understanding)

In 1st and 2nd grades, students are required to read at least twenty books over the summer break. The goal for these students is to read frequently, thus increasing familiarity with words and increasing comprehension skills. The goal of the summer reading program for first and second graders is to maintain or increase the student's end-of-year reading level. Students and parents will complete a chart in which they record at least twenty books from the school list.

Grade 3 (applying)

By 3rd grade, students have mastered basic reading skills and can read independently. These students have also become more proficient in writing skills, and that proficiency is demonstrated in the summer reading assessment. Third grade students will read two books and produce a four sentence response to the books of their choice.

Grades 4-5 (applying and analyzing)

In 4th and 5th grades, students again choose two books to read, and a writing response is required. As students mature as readers and writers, the paragraph requirement increases in complexity as students are asked to summarize and evaluate a book's content.

Grades 6-8 (analyzing, evaluating, and creating)

As students transition from elementary school to middle school, they read increasingly difficult texts and begin to analyze those texts through personal connections and relationships. Students recognize important textual passages and articulate connections as they quote texts then choose a response based on given prompts such as "This character reminds me of..." or "I agree with this character's decision because..." Many middle school texts complement the history curriculum.

2. Write the number of pages in your novel here_____. (Round up or down to the tenth's place.)
